Verified Client Reviews

Hear from some of the awesome clients we have worked with. You can find more verified client reviews on our Mailchimp experts listing [here](#).

Romy, White Hot Hair

We initially reached out to Dale to solve a problem regarding missing subscribers and he not only advised on that, but spent time taking us through our whole account, sharing his expertise, pointing out where we could get more out of Mailchimp, quick fixes and shaping longer term plans and improvements too.

Tim, Artist

I had little knowledge on how to get started and Dale was a huge help in overcoming the hurdles that would have otherwise prevented me from taking a step forward for longer than they probably should have. Knowledgeable, reliable, and friendly. Couldn't recommend highly enough.

Anna, Boo! Marketing

Dale at Incondite has a simple approach from beginning to end which makes it really easy to have him support me on client work/projects. Easy to work with and excellent communication / updates throughout. I'll definitely be working with Dale again. He's now my 'go to' for all things MailChimp.
